Letter no- 104

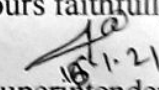

Date- 16.01.2021

Certificate

I visited the Vivekananda Public School, at Ward no-10, Karanjia NAC. I find the school campus and the surrounding is very conducive for the children and the staff. The building and surrounding are kept neat & clean. The latrines and urinals are maintained well and the sanitation is good.

The overall sanitary conditions of school compound and classes are satisfactory.

Yours faithfully
